

Mailer Subject: Open registrations for RENPOWER PERU - Renewable Energy & Power Infrastructure Investor Conference

Dear members,

We are pleased to announce our participation as a Supporting Media Partner for the next event hosted by Euroconvention Global: **RENPOWER PERU -The Renewable Energy & Power Infrastructure Investors Conference**, scheduled to take place in the capital city of Lima on Wednesday 21 March 2018 at the Belmond Miraflores Park Hotel.

Background – 2018 promises to be a fruitful year for the renewable energy sector in Peru, with new renewable energy auctions expected to take place this year. Since 2009 Peru has held renewable-energy auctions for grid connected generation and for off-grid electrification, and there have been 4 successful government energy auctions favoring solar, wind and mini-hydros projects.

As the renewable energy sector in Peru is on the move, RENPOWER PERU will bring together policy makers, project developers, manufacturers, service providers and consultants from Europe, USA, South East Asia and LATAM countries. The key stakeholders will be attending and thus available for meetings with the delegates during the several networking moments built into the program.

Audience – The conference will focus on the contribution of renewable energy technologies for the electrification of the country, in line with Peru's Minister of Energy and Mines plan to reach the 100% target of rural electricity coverage in 2021. Such target will need an estimate investment of \$1.1 bn in transmission lines, rural electric systems, and PV solar panels.

During the one-day conference, participants will discuss and assess investment opportunities in the renewable energy sector, including the on- and off-grid markets as well as energy efficiency developments. The agenda will feature several interventions on financing and the role of the main institutions, multilaterals and bi-laterals, private sector, financiers involved in co-funding the development of renewable energy projects.

Reserve your seat - The detailed agenda and the registration form will be shared with you upon your **written inquiry** to the organizers.

Kindly note that companies registering as referred by the **TBY** will receive a **15% discount** on registration and corporate packages. Please refer to the code: **TBY15** to receive your discount.

Remaining speaking slots, display stand space, etc. -This event also offers opportunities to raise your company profile, highlighting your expertise on a topic with a speaking slot in the agenda or with a display stand. Please contact the organizers, should you want to find out more about the benefits and special conditions currently available. Euroconvention Global will be happy to tailor the best format of participation for your company.
