

Qatar Trade Summit: Innovation and Disruption Revolutionising the Logistics Industry in Qatar.

Press Release

Valuable insights into the future of Qatar's Trade and investments sector aligned with logistics and supply chain in the region will be showcased at the exclusive **Qatar Trade Summit** scheduled to take place from **25th to 27th November 2019 in Doha, Qatar**, The summit is Qatar's only event focusing on the nation's economic diversification plans and progress with strategic plans on becoming the regions logistics hub.

The summit will strive to examine the nation's potential on becoming the region's economic powerhouse via 3 days of deliberations on Sea ports development, Shipping and Air Cargo industry, future of logistics and supply chain as well as a final day dedicated to engage in interactive sessions on Qatar's trade and investment prospects. Attending delegates and partners will get a first-hand knowledge of Qatar's logistics and supply chain industry, the planned development of sea ports to support regional growth, the influence of shipping air cargo and the free zones in opening up opportunities for regional and foreign companies to invest and do business in Qatar" stated **Allan Martin, Communications Director, Qatar Trade Summit.**

All aspects of the shipping industry, port development, air cargo, supply chain and logistics and trade and investments will be discussed at this summit. The event will engage the entire eco system of the logistics business in Qatar focusing on procurement, forwarding, planning, new business, infrastructure and investments.

The theme of the summit is to explore the scale of innovation and disruption which is revolutionising the logistics industry in Qatar and the nation's keen intent on diversifying into a thriving economy prior to the prestigious FIFA 2022 football world cup taking place in Qatar. Qatar Trade Summit will directly impact a comprehensive range of sectors in the region and will cover solutions and products to uplift these sectors. The areas covered will be Ship building, Port management, Port Infrastructure development, Air Cargo expansion, Logistics and supply chain solutions and the investments and business opportunities in Qatar.

The summit's profile includes key dignitaries such as **H.E. Akbar Al Baker, Group CEO, Qatar Airways, Capt. Abdulla Al-Khanji, CEO, Mwan Qatar, Qatar, Mr. Abdulrahman Essa Al-Mannai, President & CEO, MILAHA, Qatar, Mr. Lim Meng Hui, CEO, Qatar Free Zones Authority (QFZA), Mr. James Baker, Editor, Lloyd's List Containers, UK, Mr. Glyn Hughes, Global Head of IATA Cargo, Switzerland, Mr. Turhan Özen, Chief Cargo Officer, Turkish Airlines, Mr. Amadou Diallo, CEO, DHL Global Forwarding, Middle East & Africa, Mr. Bertrand Maltaverne, Solutions Consultant, Ivalua, Austria, Mr. Fikret Ersoy, MD, BDP International, Middle East, Turkey & Africa** from Qatar and across the globe who will be presenting at the conference and the summit will also host some of the world's best solution providers and also invite attendees from leading government and private entities from Qatar.

The Qatar Trade Summit will also feature one of the most exhaustive and inclusive knowledge sessions seen at a national summit. The conference will include 19 topics spread across 4 sessions, and two key workshops all scheduled over 3 days of high level networking and interaction.

Qatar Trade Summit will assist in realising Qatar's ambitions to become the logistics and trade leader in the Middle East.
